**FOR IMMEDIATE RELEASE**

## **GREYHAWK EXPANDS SENIOR STAFF – Brian Hanifin**

**NEW YORK, NY** – We are very pleased to announce that Brian Hanifin has joined GREYHAWK as our new Regional Manager in the Northeast Region, based out of our Manhattan office. Mr. Hanifin has a degree in Civil Engineering from Drexel University and more than 25 years experience starting with his first professional employment at O'Brien-Kreitzberg & Associates way back in the early 1980's. After OKA, Brian had his own CM/Consulting firm, Hanifin Associates, for twenty years based in New Jersey. His standing as an industry leader was galvanized in 2004 when his firm was awarded a CMAA Project Achievement Award for projects in the \$50-\$100 million dollar range. As a long standing member of the CMAA he brings a unique set of skills to the overall construction process.

Mr. Hanifin has testified as an expert witness in the field of construction management and CPM scheduling. Recently he was a Senior Vice President with AIG managing a portfolio of \$4.5 Billion of environmental remediation projects. Brian brings a balanced cadre of skills to GREYHAWK, not the least of which is a business development, construction/program management, value engineering, scheduling, estimating, surety, environmental and claims management. Some of the projects Brian was involved in include:

- Reconstruction/renovation of Malden Mills in Lawrence, MA (\$300M).
- South Woods State Prison in Bridgeton, NJ which included a project rescue on behalf of a major subcontractor's surety (\$200M).
- UXO/Munitions Remediation at Fort Ord, located in Monterey, CA (\$100M).
- Remediation of Milltown Dam Superfund site in Missoula, MT (\$75M).

GREYHAWK, an award-winning international construction project management and consulting firm, is a leading provider of construction/program management, construction claims, dispute resolution, scheduling, cost engineering, MEP Commissioning and LEED consulting services. An ENR top 100 firm, GREYHAWK has employees at several offices in New York, New Jersey, Texas and the United Kingdom and consistently provides construction services that result in successful projects.
